

## Online Banking, QB09 R8

- Restores (within the 2009 side-by-side view) functionality that was available in QuickBooks 2008.
- Provides users the ability to switch to the exact same online banking functionality (and register view) that was in QuickBooks 2008.

To install follow the steps below:

Edit > Preferences > Checking > Company Preferences

With Release 8, users can now toggle between the two views without affecting data by making their selection here:
